

JCC of MidWestchester Nursery School

The JCCMW Nursery School is now accepting applications for two-, three- and four-year old students! TIC and the JCC of MidWestchester Nursery School are very excited about the expansion of the JCC's Nursery School program this coming fall to an additional location at Temple Israel Center in White Plains. JCCMW Nursery School has a stellar reputation in our community. Under the guidance of its beloved Director Caryn Symons, this additional site will follow JCCMW's curriculum with a focus on school readiness as well as Jewish values and traditions. It is with great enthusiasm that Debbie Cohen-Bahl has been hired as the full time site director. JCCMW Nursery School at Temple Israel Center in White Plains will feel like a warm hug, where children and their parents will feel happy and safe. For questions or to schedule a tour please email White Plains Site Director, Debbi Cohen-Bahl.
